

# ASN Safety Bulletin #37

## The Year in Review - 2023

We would like to take this opportunity to provide a short recap of the key topics we have covered during the last 12 months. In 2023 we distributed a number of important ASN Safety Bulletins for the benefit of ASNs, competitors and promoters, providing information on crucial safety developments. We have put together a compilation of these bulletins below for your reference, with each one available to view by clicking on the corresponding image.

Please feel free to forward this to anyone you think would be interested in this information, as they can subscribe to future bulletins by clicking the button at the bottom of this email.
