Earn your place at the prestigious FIA Karting Shootout

A global pathway. One ultimate destination.

The FIA Karting Arrive & Drive World Cup is the final chapter of a new global competition pathway, built around continental qualifying events in Europe, Asia-Pacific and South America.

The best talents from each region have earned their place on the grid for a single, decisive World Cup event. A limited number of additional entries are also available for drivers wishing to participate directly in the World Cup.

The World Cup winner earns a place at the prestigious FIA Karting Shootout.

Categories & Eligibility

Pure talent. Equal equipment. No shortcuts.

- **Junior:**
Drivers born 2012–2014, International Karting Licence Grade G
- **Senior:**
Drivers born 2008–2012, International Karting Licence Grade E or F

To ensure fair access, drivers must not have competed in any FIA Karting Championship or Cup in 2024–2026 (FIA Karting Academy Trophy participation is permitted).

For drivers under 18, the competitor must be a parent or legal guardian holding a valid International Competitor Licence. No ASN nomination is required to register.

Identical Arrive & Drive Package

All drivers compete with strictly identical equipment, supplied and managed by the organiser:

- Kosmic chassis
- Vortex SV Junior / SV engines (centrifugal clutch)
- Vega Option slick tyres
- Fuel, trolley and paddock tent included

Drivers bring their own CIK-homologated personal equipment (gloves, suits, shoes, helmet), basic tools and a mechanic.

Only rain tyres, if needed, are to be purchased separately.
